Functional change, trajectories of, for individuals with cognitive deficits suggestive of mild cognitive impairment (MCI), 1192
Functional decline
anxiety symptoms and, over 5 years in the health, aging and body composition study, 265
a brief risk stratification tool to predict, in older adults discharged from emergency departments, 1269
Functional dependence
stroke-independent association between metabolic syndrome and, depression, and low quality of life in elderly community-dwelling Brazilian people, 374
Functional status
alcohol use, physical performance, and, in older men, 212
cancer screening and desirable health behaviors on, self-rated health, health service use and mortality, 66
of heterogeneity in hip fracture patients, 407
improvement in usual gait speed predicts better survival in older adults, 1727
physical activity is associated with incident disability in community-based older persons, 195
Functioning
mortality risks in older people according to level of alcohol intake, 49

G

Gabapentin, cost-effectiveness comparison of desipramine, and pregabalin for treating postherpetic neuralgia, 1176
Gait speed, improvement in usual, predicts better survival in older adults, 1727
Galantamine, cholinesterase inhibitors, 1517
General practitioner, patient selection and, report of drug-related problems and actions taken in elderly Australians, 927
Geriatric assessment
association between aspects of , oral health-related quality of life and body mass index in community-dwelling older adults, 1808
development and initial evaluation, 2045
integrating, into oncology practice, 1604
a randomized trial of a screening, case finding, and referral system for, 166
Geriatric assessment, polypharmacy in, 1472
Geriatric dentistry, hand function in, 1333
Geriatric depression
onset of depression in elderly persons after hip fracture: implications for prevention and early intervention of late-life depression, 81
The geriatric emergency department, 1873
Geriatric medicine, development of academic, 2086
Geriatric patients
agreement between the assessments of cognitive functioning of hospitalized, by nurses on acute geriatric wards, 1306
cobalamin and folate deficiency in, 2090
curriculum development in, 2090
energy requirements in hospitalized elderly people, 1085
incidence of in-hospital falls in, 2068
mental health care for, 1903
Geriatrics
alarming symptom in, 1676
association between the "puffy-hand sign" and chronic hepatitis C in, 1676

attitudes and knowledge among surgical, medical subspecialty house officer, 2056
attitudes and knowledge among surgical and medical subspecialty house officer, 2056
a brief risk stratification tool to predict functional status in older adults discharged from emergency departments, 1269
China: the aging giant, 1295
concerns of the Spanish society of geriatrics and gerontology regarding care received by patients with dementia, 1314
faculty development for the 21st century: lessons from the Society of General Internal Medicine–Hartford collaborative centers for the care of older adults 941
and oncology dialogues, 1670
patient perceptions regarding electronic prescriptions: is the geriatric patient ready?, 1254
professional development in, for community-based generalist faculty, 300
purple urine bag syndrome in, 1676
tracking clerkship experience: just what do clinical clerks. *See* On an elder care rotation?, 1126
white coats meet grey power: students and seniors respond to an "Intergenerational Gala", 948
Geriatrics education
consortium of e-learning in, 458
practicing physician education in geriatrics: lessons learned from a train-the-trainer model
Geriatric syndromes, 2090
Gerontology
concerns of the Spanish society of geriatrics and gerontology regarding care received by patients with dementia, 1314
Ginkgo biloba
effects of treatment for memory impairment and, extract on dementia, mortality, and survival without dementia, 395
Glomerular filtration rate (GFR), magnitude of renal function misclassification, occurring when persons with normal serum creatinine have reduced, 816
Glycemic control, relationship between, and falls in older adults, 2041

H

Hashimoto's encephalopathy, atypical neuropsychiatric symptoms revealing, 1144
Health behaviors, cancer screening and desirable, on functional status, self-rated health, health service use and mortality, 66
Health care
China: the aging giant, 1295
costs of acute and chronic pain associated with a diagnosis of herpes zoster, 1168
Healthcare professional surveys
judicious antibiotic use in Minnesota long-term care facilities, 473
Health practices, Japanese Centenarian Study: autonomy was associated with, as well as physical status, 95
Health screening, a randomized trial of a, case finding, and referral system for elderly in primary care, 166
Health services for the aged
delivering effective primary care to older adults: a randomized, controlled trial of the senior resource team at group health cooperative, 1748
Health services utilization
mortality risk in older inner-city African Americans, 1049
Health status improvement in usual gait speed predicts better survival in older adults, 1727
Hearing impairment
close association between, and activities of daily living, depression, and quality of life in community-dwelling older people in Japan, 316
Heart failure
in older adults, 1585
profile of cognitive impairment in chronic, 1764
Hemodynamic profiles of patients with orthostatic hypotension, 962
Hepatocyte growth factor and visfatin in elderly bedridden patients, 963
Herbal medicine, hochuekkito
improvement of systemic inflammation in patients with chronic obstructive pulmonary disease using, 313
Herpes zoster, healthcare costs of acute and chronic pain associated with a diagnosis of, 1168
High risk of abuse
elder abuse, disparities between older people's, disclosure of abuse, evident signs of abuse, and, 1224
Hip fractures
changes in mortality and causes of death in patients suffering a, between 1981 and 2001, 1720
depression after, 126
heterogeneity in, patients that may predict variation in functional outcomes, 407
onset of depression in elderly persons after: implications for prevention and early intervention of late-life depression, 81
predictors of mobility in medically unstable elderly patients with, a preliminary study in a geriatric ward, 1140
rehabilitation after, in patients with dementia, 1309
relationship between, subtypes and analgesia use, 626
treatment and prevention of depression after surgery for, in older people: randomized, controlled trials, 75
Hip protectors (HP)
maximum potential preventive effect of, 507
prediction of use in nursing homes, 350
Histamine-2 receptor antagonists, association between cognition and, in African Americans, 1248
HIV/AIDS
changing trends in, in adult population, 1393
Holocaust
evaluating mortality risk exposed to Nazi regime, 1380
Home health care
chewing problems and mortality in older adults in, 1961
randomized trial of depression assessment educational intervention in, 1793
relationship between a case management approach and the risk of institutionalization in a large European population of frail, old people in, 439
Home modifications, education and individualized counseling in, 1548
Hospice
attitudes and preferences of Korean-American older adults and caregivers on end-of-life care, 1867
Hospital discharge, identification of predictors of complicated transitions within 30 days after, for acute stroke, 365
Hospitalization
costs in older adults with heart failure, 1585
effect of cancer screening and desirable health behaviors on functional status, self-rated health, mortality and, 66
influence of comorbidity on long-term mortality after, for pneumonia in older people, 518
predictors of, and death in nursing home residents with pneumonia and other lower respiratory infections (LRIs), 414
prevalence and factors associated with decisions to forgo, in nursing home (NH) residents with advanced dementia, 432
prognostic tools of, 1955
using assessing care of vulnerable elders quality indicators to measure quality of, for vulnerable elders, 1705
Hospitalized older patients
relationship of indwelling urinary catheters to death, length of hospital stay, functional decline, and nursing home admission in, 227
Hospitals
consequences of falls in acute and subacute, in Australia that cause proximal femoral fractures (PFF), 577

organizational affiliation between nursing homes and, and quality of care during hospital–nursing home patient transfers, 1078
House officer education
geriatrics attitudes and knowledge among surgical, 2056
Hyperparathyroidism
improvement of neurocognitive dysfunction, 1676
Hypertension
trends in U.S. adults aged 60 and older using National Health and Nutrition Examination Survey (NHANES) data, 1056
Hypodermoclysis to treat dehydration, 2051
Hypoglycemia, lower risk of, with insulin detemir than with neutral protamine hagedorn insulin in older persons with type 2 diabetes mellitus, 1735

I

IL-6. *See* Interleukin-6
Immunization, increasing influenza, for long-term care facility staff using quality improvement, 1741
Immunogenicity of Zostavax and inactivated influenza vaccine in adults, 1499
Immunosenescence in older adults, 1438
Indwelling device use and antibiotic resistance in nursing homes, 1921
Infection
in nursing home residents, effect of multivitamin and mineral supplementation on episodes of, 35
tracking, antibiotic and, in Minnesota long-term care facilities, 1243
Inflammation
depressive symptoms, and ischemic stroke in older adults: a prospective analysis in the cardiovascular health study, 1825
and frailty in older women, 864
Influenza
concomitant administration of Zostavax and inactivated, 1499
increasing, immunization for long-term care facility staff using quality improvement, 1741
Influenza vaccination, 1472
effect of, in elderly care home residents, 1912
Informant-based ADLs of patients with mild dementia, 1415
Informed consent, proxies and, discussions for dementia research, 556
In-home services, increased satisfaction with care and lower costs: results of a randomized trial of, palliative care, 993
In-hospital falls, incidence of, in geriatric patients, 2068
Inpatient rehabilitation, assessment of physical activity in - an important aspect of the identification of frailty in hospitalized older people, 967
Insomnia
in caregivers, 2003
sleep complaints in community-living older persons: a multifactorial geriatric syndrome, 1853
Instrumental activities of daily living (IADL)
disability in older men due to alcohol use, 212
Insulin, lower risk of hypoglycemia with, detemir than with neutral protamine hagedorn insulin in older persons with type 2 diabetes mellitus, 1735
Insulin glargine
combination of oral antidiabetic agents with basal, versus premixed insulin alone in randomized elderly patients with type 2 diabetes mellitus, 182
Insurance
prescription drug cost savings under the most commonly selected Medicare Part D prescription plan in 2006 with savings under the Medicare standard benefit and with drug costs assuming no coverage in an elderly cohort of patients, 1038
Interdisciplinary health team
delivering effective primary care to older adults: a randomized, controlled trial of the senior resource team at group health cooperative, 1748
Interleukin-6 (IL-6)
changes in, and C-reactive protein (CRP) and to determine how changes are related to mortality in elderly people, 1801
relationships between white blood cell (WBC) count and, and prevalent frailty, 864
Internal medicine residents
a curriculum to teach, to perform physician house calls for older adults, 1287
Internship and residency
faculty development for the 21st century: lessons from the Society of General Internal Medicine–Hartford collaborative centers for the care of older adults, 941
Intervention studies
pilot test of an attribution retraining intervention to raise walking levels in sedentary older adults, 1842
Introduction to geriatrics for medical students, 1445

J

Japan
close association between hearing impairment, and activities of daily living, depression, and quality of life in community-dwelling older people in, 316
deaths during bathing in, 1305
long-term care system reform in, 1458
Japanese Centenarian Study: autonomy was associated with health practices as well as physical status, 95
Japanese community elderly women
association between change in bone mineral density and decline in usual walking speed in, during 2 years of follow-up, 240
urinary incontinence in, 1932

K

Kenosha County falls prevention study
a randomized, controlled trial of an intermediate-intensity, community-based multifactorial falls intervention, 489
Kidney function
predictor of loss of lean mass in older adults, 1578
Knee osteoarthritis, periosteal stimulation therapy for, 1541
Korean-Americans
attitudes and preferences of, older adults and caregivers on end-of-life care, 1867
attitudes of older, toward mental health services, 616

L

Late-life mental disorder
control-oriented strategies buffer effects of functional difficulties on depressive symptoms over time in older African-American and white adults with disability, 1023
Lean mass
methods for classifying an individual as sarcopenic for predicting decline in physical function in the Health, Aging and Body Composition Study, 769
Leg strength
predict decline in mobility, 1618
Lethal fecaloma, 965
Life-sustaining treatment, inconsistency over time in the preferences of older persons with advanced illness for, 1007
Light therapy in dementia, 1524
Loneliness, as a risk factor for elder mistreatment in an urban, community-dwelling Chinese population, 1831

Longevity, cumulative index of health deficiencies as a characteristic of, 935
Longitudinal outcomes in small-house nursing homes: a longitudinal evaluation of the initial Green House program, 832
Long-term care
  benefit from multivitamin and mineral supplementation on subgroup of residents in, 35
  clinical decision support in, 1451
  diagnostic tests for presumed lower respiratory tract infection, 1365
  educational intervention to improve antimicrobial use in a hospital-based, facility, 1236
  effect of an educational intervention on optimizing antibiotic use prescribing in, facilities, 1231
  effect of the Medicaid Deficit Reduction Act on older adults, 1110
  facilities in a geriatric medicine training program, 1989
  high-intensity environmental light in, 1524
  preliminary derivation of a nursing home confusion assessment method based on data from the minimum data set, 1099
  treatment of dementia, 1508
Long-term care facilities
  antibiotic and infection tracking in Minnesota, 1243
  increasing influenza immunization for, staff using quality improvement, 1741
Long-term care policy reform in Japan, 1458
Low-dose estrogen, effect on cognitive function in older postmenopausal women, 426
Lower respiratory infections (LRIs), predictors of hospitalization and death in nursing home residents with pneumonia and other, 414

M

Major depression, validity of the patient health questionnaire 2 (phq-2) in identifying, in older people, 596
Medicaid Deficit Reduction Act, effect on older adults, 1110
Medical comorbidity
  randomized trial of depression assessment educational intervention in home health care, 1793
Medical education
  a curriculum to teach internal medicine residents to perform physician house calls for older adults, 1287
  faculty development for the 21st century: lessons from the Society of General Internal Medicine–Hartford collaborative centers for the care of older adults 941
  tracking clerkship experience: just what do clinical clerks. *See* On an elder care rotation?, 1126
Medical faculty development for the 21st century, 941
Medical order-entry systems
  use of a computer-based reminder to improve sedative–hypnotic prescribing in older hospitalized patients, 43
Medical student protfolio and clinical skills, 1650
Medicare
  the role physicians play with their senior patients, 102
Medicare Part D, 1134
  increasing generic drug use in, the role of government, 1106
  and nursing home residents, 1115
  prescription drug cost savings under the most commonly selected, prescription plan in 2006 with savings under the Medicare standard benefit and with drug costs assuming no coverage in an elderly cohort of patients, 1038
Medication costs
  the role physicians play with their senior patients, 102
Medication errors, adverse drug events (ADE) resulting from, in older adults, 271
Medication review
  patient selection and general practitioner's report of drug-related problems and actions taken in elderly Australians, 927
Medications
  influence of aging on number or types of, prescribed to younger and elderly renal transplant recipients 3 years posttransplant, 389
  institutionalized, 1508
Medication use
  patient perceptions regarding electronic prescriptions: is the geriatric patient ready?, 1254
Megestrol acetate, muscle strength training and, on strength, muscle mass, and function in frail older people, effect of, 20
Memory
  association between apolipoprotein E_4 and cognitive decline in elderly adults, 1777
Men, total mortality in elderly, 1948
Mental health care for elderly patients, 1903
Metabolic syndrome
  and cognitive decline in elderly Latinos: findings from the Sacramento Area Latino Study of Aging Study, 758
  and prediction of mobility decline in older persons, 130
  stroke-independent association between, and functional dependence, depression, and low quality of life in elderly community-dwelling Brazilian people, 374
Metabolism
  interplay between uric acid and antioxidants in relation to physical function in older persons, 1206
Methicillin-resistant *Staphylococcus aureus* (MRSA)
  identifying a high-risk group, 1921
Methods for classifying an individual as sarcopenic for predicting decline in physical function in the Health, Aging and Body Composition Study, 769
Mexicans Americans, prediction of cognitive decline by 8-foot walk time in older, 245
Microbiology
  a comparative study of community- and nursing home-acquired empyema thoracis, 1847
Middle-aged, physical activity in, adults reduces risks of functional impairment independent of its effect on weight, 1836
Mild cognitive impairment (MCI)
  in the general population, 1534
  initiating referral in, 1147
  trajectories of change in everyday function for individuals with cognitive deficits suggestive of, 1192
  unawareness of memory deficits depending on cerebral perfusion pattern in, 470
Mini-mental state examination (MMSE)
  sensitivity and specificity of the, for identifying dementia in the oldest-old: the 90+ Study, 284
Mobility
  evaluation and characterization of age- and sex-specific performance in a set of complex walking tasks (CWTs), 58
  functional impact of relative versus absolute sarcopenia in healthy older women, 1712
  physical activity and leg strength predict decline in, 1618
Moisture, subepidermal, predicts erythema and stage 1 pressure ulcers in nursing home residents, 1199
Monoamine oxidase inhibitors
  not all monoamine oxidase inhibitors are created equal, 1890
Mortality
  association between body mass index and, in elderly, 913
  association of oxidative stress with, 1421
  changes in, and causes of death in patients suffering hip fracture a between 1981 and 2001, 1720
  chewing problems and, in older adults, 1961
  in elderly men, 1948
  estimated functional capacity predicts, 1940
  frailty in older men: prevalence, progression, and relationship with, 1216
  improvement in usual gait speed predicts better survival in older adults, 1727

nootropics and vasodilators as predictors of dementia and, in the PAQUID Cohort, 395
in older black and white Americans, 1624
in older Jews exposed to the Nazi regime, 1380
in older persons, change in motor function and risk of, 11
prognostic tools of, 1955
risk in older inner-city African Americans, 1049
risks in older people according to level of alcohol intake, 49
Motor function, change in, and risk of mortality in older persons, 11
Motor performance and body mass index in elderly people, 2023
Motor skills
hand function, 1333
Motor vehicle crashes
systematic review of driving risk and the efficacy of compensatory strategies in persons with dementia, 878
Multicenter randomized trial
postacute care for older people, 1995
Multidisciplinary management program
in primary care to improve hypertension control and healthy behaviors in elderly patients, 624
Multidisciplinary management program in primary care to improve hypertension control and healthy behaviors in elderly patients, 624
Multimodal exercise in older adults, 1
Multimorbidity, risk of disability in individuals with coexisting visual and cognitive impairment and to compare the magnitude of risk associated with visual impairment, cognitive impairment, or the, 885
Multitasking
association between poorer performance and a history of recurrent falls, 570
Multivitamin and mineral supplementation on episodes of infection in nursing home residents: a randomized, placebo-controlled study, effect of, 35
Muscle strength
training and megestrol acetate on strength, muscle mass, and function in frail older people, effect of, 20
Myocardial infarction (MI), prognostic value of signs of prior, and atrial fibrillation (AF) on routine electrocardiograms (ECGs) at the age of 85 with respect to mortality and changes in functional status, 872

N

National Health and Nutrition Examination Survey (NHANES)
association between serum folate levels and periodontal disease in older adults, 108
hypertension prevalence in U.S. adults aged 60 and older using National Health and Nutrition Examination Survey (NHANES) data, 1056
peripheral arterial disease (PAD) and associated risk factors in persons aged 60 and older, 583
Natural therapies
when ignorance is not bliss!!, 1892
Nephropathy and retinopathy in elderly patients with diabetes mellitus (DM) under intensive multifactorial DM control, 541
Neurocognitive function, effect low-dose estrogen on, in older postmenopausal women, 426
Neurodegeneration, common pathways of, 804
Newcastle 85 + Study in older people, 1630
NHANES. *See* National Health and Nutrition Examination Survey
Nitric oxide, association with survival in older patients, 1398
Nonketotic hyperglycemia, 1676
Nootropics and vasodilators as predictors of dementia and mortality in the PAQUID Cohort, 395
Nursing facilities, barriers to and facilitators of clinical practice guideline use in, 1404
Nursing homes (NH)
a comparative study of community- and, -acquired empyema thoracis, 1847
consequences of an intervention to reduce restrictive side rail use in, 334
diagnostic accuracy of criteria of urinary tract infection in a cohort of, residents, 1072
effect of ambient bright light therapy on depressive symptoms in persons with dementia, 1817
elder abuse and police contact in, 840
emergence of rimantadine-resistant virus within 6 days of starting rimantadine prophylaxis with oseltamivir treatment of symptomatic cases in, 923
exercise program for, residents with Alzheimer's disease, 158
higher dose of vitamin D reduces the risk of falls in, residents: a randomized, multiple-dose study, 234
implementation and evaluation of a, fall management program, 342
indwelling device use and antibiotic resistance in, 1921
intervention to prevent falls and fractures in, 464
location and hospitalization of its residents, true association between, 471
measuring the quality of dying in, 1371
optimizing antimicrobial use in, no longer optional, 1301
organizational affiliation between, and hospitals and quality of care during hospital–nursing home patient transfers, 1078
pandemic influenza planning in, 1431
physician communication with family caregivers of long-term care residents at the end of life at, 846
prediction of use of hip protectors in, 350
predictors of hospitalization and death in, residents with pneumonia and other lower respiratory infections (LRIs), 414
pressure ulcers in, 1663
prevalence and factors associated with decisions to forgo hospitalization in, residents with advanced dementia, 432
prevalence of anemia in, 1566
risk factors associated with the occurrence of fractures in U.S., 327
Nursing home admission, case management and risk of, for older adults in home care, 439
Nursing home residents
daily health care, 1470
Medicare Part D and, 1115
Nutritional supplements and quality of life of older patients, 2030
Nutrition assessment, association between aspects of, oral health-related quality of life and body mass index in community-dwelling older adults, 1808

O

Obesity
functional impact of relative versus absolute sarcopenia in healthy older women, 1712
Observation-based ADLs of patients with mild dementia, 1415
Obstructive sleep apnea syndrome, effects of age and sex on plasma adrenomedullin levels in patients with, 1891
Old age home residents, tuberculin skin test reaction and body mass index in, 1592
Older adults. *See also* Elderly
adding an alcohol-related risk score to an existing categorical risk classification for, 445
apolipoprotein E ε2 allele in, 1472
attitudes of older Korean Americans toward mental health services, 616
knee extension strength cutpoints for maintaining mobility in, 451
nonconvulsive status epilepticus in, 1472
symptoms of restless legs syndrome in, 1387
use of the automatic clock drawing test to rapidly screen for cognitive impairment in, drivers, and the physically challenged, 310
Older cancer patients, integrating geriatric assessment into oncology practice in, 1604

Older men
frailty in, prevalence, progression, and relationship with mortality, 1216
protective association between neighborhood walkability and depression in, 526
testosterone sex hormone–binding globulin, and frailty in, 548
Older patients
depressive symptoms and cognitive status affect health-related quality of life in, with Parkinson's disease, 1888
sildenafil in, with secondary pulmonary hypertension, 1676
tigecycline use in critically ill: case reports and critical analysis, 312
Older populations, changing trends in HIV/AIDS in, 1393
Older white women
increase in the risk of future falls in, due to binocular visual-field loss, 357
Older women
effect of age on short-term outcomes after abdominal surgery for pelvic organ prolapse in, 857
inflammation and frailty in, 864
Oldest-old
sensitivity and specificity of the mini-mental state examination (MMSE) for identifying dementia in the: the 90+ Study, 284
Onychomycosis, subungual melanoma, 2090
Oral antidiabetic agents
combination of, with basal insulin versus premixed insulin alone in randomized elderly patients with type 2 diabetes mellitus, 182
Oral health, association between aspects of, related quality of life and body mass index in community-dwelling older adults, 1808
Oral hygiene in older institutionalized Brazilians, 1333
Organizational affiliation
between nursing homes and hospitals and quality of care during hospital–nursing home patient transfers, 1078
Osteoporosis, 824
management after a fracture, 1464
Osteoporotic fractures, influence of adverse weather on, in older people, 1884
Outcomes
effect of age on short-term, after abdominal surgery for pelvic organ prolapse in older women, 857
pubovaginal sling for urinary incontinence, 1927
Outreach intervention
osteoporosis management after a fracture, 1464
Oxidative stress
association with greater mortality in women, 1421

P

Pain
geriatric, measure short form, 2045
moderating role on effect of depression treatment on depressive symptoms in older adulthood, 202
Pain assessment
development and initial evaluation, 2045
Palliative care
increased satisfaction with care and lower costs: results of a randomized trial of in-home, 993
prescribing in, as death approaches, 590
Pandemic preparedness in nursing homes, 1431
Parkinson's disease, depressive symptoms and cognitive status affect health-related quality of life in older patients with, 1888
Patient attitudes
white coats meet gray power: students and seniors respond to an "Intergenerational Gala", 948
Patient perceptions regarding electronic prescriptions: is the geriatric patient ready?, 1254
Patient–physician communication with their senior patients and medication costs, 102
Patient–provider communication
managing drug costs, 1974
Patient safety
adverse drug events (ADE) resulting from patient errors in older adults, 271
randomized trial to improve prescribing, in ambulatory elderly patients, 977
Patient satisfaction
with care and lower costs: results of a randomized trial of in-home palliative care, 993
and "the seven C's", 626
Patients preferences for treatment of urinary incontinence, 2016
Patient transfers
organizational affiliation between nursing homes and hospitals and quality of care during hospital–nursing home, 1078
Pelvic floor muscle exercise, urinary incontinence in, 1932
Pelvic organ prolapse, effect of age on short-term outcomes after abdominal surgery for, 857
Performance-based measures for age-associated declines in omplex walking task performance: the walking InCHIANTI toolkit, 58
Periodontal disease, relationship between serum folate and, in older adults, 108
Periosteal stimulation, efficacy of, for the treatment of osteoarthritis, 1541
Peripheral arterial disease
lower extremity ischemia, calf skeletal muscle characteristics, and functional impairment in, 400
Peripheral arterial disease (PAD)
and associated risk factors in persons aged 60 and older, 583
lower extremity ischemia, calf skeletal muscle characteristics, and functional impairment in, 400
Pharmaceutical services
prescription drug cost savings under the most commonly selected Medicare Part D prescription plan in 2006 with savings under the Medicare standard benefit and with drug costs assuming no coverage in an elderly cohort of patients, 1038
Pharmacoepidemiology
effects of statin use on muscle strength, cognition, and depressive symptoms in older adults, 420
Physical activity. *See also* Exercise
effect of telephone counseling on, for low-active older people in primary care, 986
effects of change in, 1967
exercise program to improve, for nursing home residents with Alzheimer's disease, 158
is associated with incident disability in community-based older persons, 195
and leg strength predict decline in mobility, 1618
Physical function, interplay between uric acid and antioxidants in relation to, in older persons, 1206
Physical performance
alcohol use, and functional limitations in older men, 212
Physical restraint
in use of side rails in nursing homes, consequences of an intervention to reduce, 334
Physical status, Japanese Centenarian Study: autonomy was associated with health practices as well as, 95
Physician communication with family caregivers of long-term care residents at the end of life, 846
Physician house calls
a curriculum to teach internal medicine residents to perform, for older adults, 1287
Pneumonia
assessment of, in elderly patients, 308
influence of comorbid conditions on long-term mortality after, in older people, 518

predictors of hospitalization and death in nursing home residents with, and other lower respiratory infections (LRIs), 414
use of diagnostic tests in, 1365
Police, elder abuse and, contact in nursing homes, 840
Population norms
mini-mental state examination for tracking cognition in the older population based on longitudinal data, 1066
Population prevalence, early cognitive change in, 1534
Population survey
dental health and cognitive impairment, 1410
Postacute care for older people in community hospitals, 1995
Postgraduate training in geriatric medicine - British perspective, 805
Postherpetic neuralgia, cost-effectiveness comparison of desipramine, gabapentin, and pregabalin for treating, 1176
Power wheelchair, the effect of neighborhood ethnic composition on, prescriptions, 221
Predementia syndromes
dietary polyunsaturated fatty acid supplementation, and Alzheimer's disease, 469
Predictors of TB
tuberculin skin test reaction, 1592
Preferences, inconsistency over time in the, of older persons with advanced illness for life-sustaining treatment, 1007
Pregabalin, cost-effectiveness comparison of desipramine, gabapentin, and, for treating postherpetic neuralgia, 1176
Premixed insulin
combination of oral antidiabetic agents with basal, versus premixed insulin alone in randomized elderly patients with type 2 diabetes mellitus, 182
Prescription drug costs, managing, 1974
Prescription medications, influence on occurrence of fractures in U.S. nursing homes, 327
Pressure ulcers
clarion call to rethink, 1674
in nursing homes, 1663
Prevalence
hypertension, in U.S. adults aged 60 and older using National Health and Nutrition Examination Survey (NHANES) data, 1056
Prevention and treatment of depression after surgery for hip fracture in older people: randomized, controlled trials (RCT), 75
Preventive effect, maximum potential, of hip protectors, 507
Primary health care
delivering effective primary care to older adults: a randomized, controlled trial of the senior resource team at group health cooperative, 1748
effect of telephone counseling on physical activity for low-active older people in, 986
effects of depression treatment on changes in depressive symptoms over time in older adults in, 202
mental health care for elderly patients, 1903
role of cognitive functioning and distress in suicidal ideation in older adults, 1090
Profile of cognitive impairment in chronic heart failure, 1764
Prognosis, relationship between, and mortality, 1624
Pros and cons of advance directives and quality of end-of life care, 1472
Prosthesis
clinical factors associated with prescription of a prosthetic limb in elderly veterans, 900
Proximal femoral fractures (PFF), consequences of falls in acute and subacute hospitals in Australia that cause, 577
Psychiatric comorbidity, greater hospitalization risk and, in adults, 1585
Psychological burden, effect of biofeedback on, 2010
Psychomotor activity
risk factors for adverse drug event in older adults with mobility limitations in the community setting, 29
Psychotherapy
antidepressant pharmacotherapy and interpersonal, 1325
paroxetine and interpersonal, 1325
Psychotropic medications in a sample of patients with dementia, 2090

Q

Qualitative research of clinical practice guideline use in nursing homes, 1404
Quality, association between advance directives and, of end-of-life care: a national study, 189
Quality improvement
increasing influenza immunization for long-term care facility staff using, 1741
for pressure ulcers in nursing homes, 1663
proving, 1672
for urban people with diabetes mellitus and cardiovascular disease, 1656
Quality indicators
using assessing care of vulnerable elders, to measure quality of hospital care for vulnerable elders, 1705
Quality of care
caring for patients with dementia, how good is the? results from three health systems, 1260
effects of a small-house nursing home model, THE GREEN HOUSE® (GH), on residents' reported outcomes and, 832
older veterans discharged from the emergency department, 1339
Quality of life (QOL)
association between aspects of, oral health-related, and body mass index in community-dwelling older adults, 1808
depressive symptoms and cognitive status affect health-related, in older patients with Parkinson's disease, 1888
and dietary supplementation of older patients, 2030
maintenance treatment for old-age depression preserves health-related in, 1325
outcomes of restless legs syndrome on, in older adults, 1387
randomized, controlled trial (RCT) of fall prevention programs and, in older fallers, 499
stroke-independent association between metabolic syndrome and functional dependence, depression, and low, in elderly community-dwelling Brazilian people, 374

R

Race
self-rated health and mortality in American, 1624
Radiofrequency thermal ablation, efficacy and safety of, 1472
Radiotherapy, cost of medication requirement during, implications for an elderly oncological population, 958
Randomized, controlled trial (RCT)
of an intermediate-intensity, community-based multifactorial falls intervention, 489
delivering effective primary care to older adults: a randomized, controlled trial of the senior resource team at group health cooperative, 1748
to determine relationship between the action of arginine vasopressin and responsiveness to oral desmopressin in older men, 562
effect of telephone counseling on physical activity for low-active older people in primary care, 986
efficacy and feasibility of a novel trimodal robust exercise prescription in a retirement community, 1
of exercise or relaxation after stroke, 892
exercise program for nursing home residents with Alzheimer's disease, 158
of fall prevention programs and quality of life in older fallers, 499
improving vision to prevent accidental falls in frail older people, 175
interventions to effectively reduce fear of falling in community-living older people, 603

for studying higher dose of vitamin D reduces the risk of falls in nursing home residents, 234
treatment and prevention of depression after surgery for hip fracture in older people, 75
Recurrent fallers, 2090
Redox status of coenzyme Q_{10} is associated with chronological age, 1041
Reflective thinking
tracking clerkship experience: just what do clinical clerks. *See* On an elder care rotation?, 1126
Reform of universal long-term care system, 1458
Relationship between hip fracture, subtypes and analgesia use, 626
Relaxation, randomized trial of exercise or, after stroke, 892
Renal transplant, influence of aging on number or types of medications prescribed to younger and elderly, recipients 3 years posttransplant, 389
Research ethics for dementia research, proxies and informed consent discussions, 556
Resident assessment protocols, rethinking the, 1139
Residential care
to detect undiagnosed dementia using the minimum data set cognition scale, 1349
measuring the quality of dying in, 1371
physician communication with family caregivers of long-term care residents at the end of life at nursing homes, 846
Respite care
effect of institutional, care on the sleep of people with dementia and their primary caregivers, 252
of frail older people, effectiveness and cost-effectiveness of, 290
Restless legs syndrome, symptoms in older adults, 1387
Retinopathy, and nephropathy in elderly patients with diabetes mellitus (DM) under intensive multifactorial DM control, 541
Retirement community, efficacy and feasibility of a novel tri-modal robust exercise prescription in a, 1
Reversible cognitive and neurological symptoms during valproic acid therapy, 628
Review
hypodermoclysis to treat dehydration, of, 2051
Rimantadine
emergence of rimantadine-resistant virus within 6 days of starting, prophylaxis with oseltamivir treatment of symptomatic cases, 923
Rise and fall of skeletal muscle, size over the entire life span, 1150
Risk
changes in mortality and causes of death in patients suffering hip fracture a between 1981 and 2001, 1720
Risk factors
association between dementia and time to discharge from individual assisted living (AL) facilities and examine, in residents with dementia, associated with shorter duration of residence in individual AL facilities, 1031
bath aids and the subsequent development of bathing disability in community-living older persons, 1757
peripheral arterial disease (PAD) and associated, in persons aged 60 and older, 583
and precipitants forbathing disability in older persons, 534
Risk predictors, older age predicts short-term, serious events after syncope, 907
Risk score, adding an alcohol-related, to an existing categorical risk classification for older adults, 445
Rivastigmine, cholinesterase inhibitors, 1517
Rockwood and Mitnitski, 2090
Rotterdam study, 1472

S

Safety
profile of, and immunogenicity, 1499
risk factors associated with the occurrence of fractures in U.S. nursing homes, 327
Safety management
organizational affiliation between nursing homes and hospitals and quality of care during hospital–nursing home patient transfers, 1078
Sarcopenia
functional impact of relative versus absolute, in healthy older women, 1712
methods for classifying an individual as sarcopenic for predicting decline in physical function in the Health, Aging and Body Composition Study, 769
Screening, older community-dwelling people, of, 1955
Sedatives and hypnotics, use of a computer-based reminder to improve, in older hospitalized patients, 43
Self-efficacy, mediating roles of physical function performance and, 1967
Self-rated health, relationship between, and mortality, 1624
Senescence
sleep complaints in community-living older persons: a multifactorial geriatric syndrome, 1853
Sensitivity
and specificity of the mini-mental state examination (MMSE) for identifying dementia in the oldest-old: the 90+ Study, 284
Serum calcium and cognitive function in old age, 1786
Service utilization, attitudes of older Korean Americans toward mental health services, 616
Sex differences
cumulative index of health deficiencies as a characteristic of long life, 935
Sex hormone levels, circulating, and aortic stiffness in men, 621
Short Physical Performance Battery
physical activity in middle-aged adults reduces risks of functional impairment independent of its effect on weight, 1836
Side rails, consequences of an intervention to reduce restrictive, use in nursing homes, 334
Skilled nursing facility
an electronic medical record intervention increased, advance directives and documentation, 1001
prevalence of anemia in, 1566
Sleep
effect of high-intensity environmental light in dementia on, 1524
effect of institutional respite care on the, of people with dementia and their primary caregivers, 252
quality outcomes in older adults, 1387
Sleep apnea
and falls in older people, 1149
in older men, 1356
prevalence and correlates of, in older men, 1356
Sleep complaints in community-living older persons: a multifactorial geriatric syndrome, 1853
Sleep disorders
in elderly women caregivers, 2003
growing old should not mean sleeping poorly: recognizing and properly treating, in older adults, 1882
Small intestinal intussusceptions by percutaneous endoscopic jejunostomy tube placement, 2090
Smoking and mortality in the oldest-old, 2090
Specificity
and sensitivity of the mini-mental state examination (MMSE) for identifying dementia in the oldest-old: the 90+ Study, 284
Stage 1 pressure ulcers, subepidermal moisture predicts erythema and, in nursing home residents, 1199
Statin, effects of, use on muscle strength, cognition, and depressive symptoms in older adults, 420
StepWatch monitoring to characterize ambulatory activity in community-dwelling older adults, 120
Strength thresholds for knee extension strength cutpoints for maintaining mobility, 451
Stress incontinence, effect of age on, 1927

Stroke
depressive symptoms, inflammation, and ischemic, in older adults: a prospective analysis in the Cardiovascular Health Study, 1825
feasibility and effect of exercise training after, 892
patterns and predictors of complicated transitions 30 days after hospitalization for acute ischemic, 365
Stroke patients, stop walking, 1676
Student attitudes
white coats meet gray power: students and seniors respond to an "Intergenerational Gala", 948
Student attitudes toward older adults
the presence of negative stereotypical attitudes among medical students and the extent to which attitudes changed over time, 1275
Suicidality
role of cognitive functioning and distress in suicidal ideation in older adults, 1090
Surgery, effect of age on short-term outcomes after abdominal, for pelvic organ prolapse, 857
Survival
blood pressure and, in the elderly, 383
changes in mortality and causes of death in patients suffering hip fracture a between 1981 and 2001, 1720
Syncope
older age predicts short-term, serious events after, 907
in older patients, 634
Systematic review of driving risk and the efficacy of compensatory strategies in persons with dementia, 878
Systemic perfusion
association between cardiac output, a measure of, and structural brain magnetic resonance imaging indices of white matter hyperintensities (WMHs), 1044

T

Tai chi
effect on resting and vaccine-stimulated levels of cell-mediated immunity (CMI) to varicella zoster virus (VZV) and on health functioning in older adults, 511
program, the effectiveness of a 16-week community-based, in reducing falls and improving balance in people aged 60 and older, 1185
Telephone medicine in a geriatric medicine training program, 1989
Testosterone, sex hormone–binding globulin, and frailty in older men, 548
The fountain of youth in baseball sluggers?, 1887
The shape of things to come: homage to H.G. Wells, 1877
Tigecycline use in critically ill older patients: case reports and critical analysis, 312
Time use
two-minute mental health care for elderly patients, 1903
Toll-like receptors in older adults, 1438
Tracking clerkship experience: just what do clinical clerks. *See* On an elder care rotation?, 1126
Traditional medicine
pilot study of banxia houpu tang, 2035
Training program
faculty development for the 21st century: lessons from the Society of General Internal Medicine–Hartford collaborative centers for the care of older adults 941
Transitions, patterns and predictors of complicated, 30 days after hospitalization for acute ischemic stroke, 365
Treatment
diagnosis and, of breast cancer, 1636
and prevention of depression after surgery for hip fracture in older people: randomized, controlled trials (RCT), 75
21st-Century American Geriatrics Society: destinations and highways to get there, 325
Tuberculin skin test reaction
and body mass index in old age home residents, 1592
Tumor hypoxia imaging with [F-18] fluoronitroimidazole in non-small-cell lung cancer, 1142
Type 2 diabetes mellitus
combination of oral antidiabetic agents with basal insulin, versus premixed insulin alone in randomized elderly patients with, 182
lower risk of hypoglycemia with insulin detemir than with neutral protamine hagedorn insulin in older persons with, 1735

U

Undergraduate medical education
white coats meet gray power: students and seniors respond to an "Intergenerational Gala", 948
Under weight state
lower extremity motor performance and, 2023
Uric acid, interplay between, and antioxidants in relation to physical function in older persons, 1206
Urinary catheterization
the association between indwelling, without a specific medical indication and adverse outcomes, 227
Urinary incontinence
effectiveness of multidimensional exercises for the treatment of, 1932
geriatric patients' preferences for treatment of, 2016
poststroke, 1571
psychological burden and symptoms in older women with urge, 2010
Urinary leg bags, failure of the air vent for, 1676
Urinary tract infection, diagnostic accuracy of criteria for, in a cohort of nursing home residents, 1072

V

Validity and reliability of quantitative gait analysis in geriatric patients with and without dementia, 632
Varicella zoster virus (VZV)
effect of tai chi on on resting and vaccine-stimulated levels of cell-mediated immunity (CMI) to, and on health functioning in older adults, 511
Vascular pathology, Alzheimer's disease, 1613
Vasodilators and nootropics as predictors of dementia and mortality in the PAQUID Cohort, 395
Veterans, increasing access and quality in department of, 1645
Viral infection and cognitive decline, 131
Vision disorders, improving, to prevent accidental falls in frail older people: randomized, controlled trials, 175
Vision loss, combined effect of, and cognitive impairment on disability in older people, 885
Vitamin D
higher dose of, reduces the risk of falls in nursing home residents: a randomized, multiple-dose study, 234
Vitamin E supplementation, and respiratory infections in older people, 1311

W

Walkability, protective association between neighborhood and, depression in older men, 526
8-foot walk time
prediction of cognitive decline by, in older Mexicans Americans?, 245
Weight loss in older adults, 1578
When eye signs can be misleading, 474

White blood cell (WBC), relationships between, count and IL-6 and prevalent frailty, 864
Women. *See also* Elderly women
  effect low-dose estrogen on neurocognitive function in older postmenopausal, 426
  oxidative stress in, 1421
World War
  late-life mortality in older Jews exposed to the Nazi regime in, 1380

X

Xuezhikang, lipid-lowering therapy with, reduces the risk of coronary events and total mortality in patients with coronary heart disease (CHD) aged 65 and older, 1015

Z

Zoster vaccine, concomitant administration of, 1499
